

JMP GROUP APPROVES RESTRUCTURING TRANSACTION TO BECOME PUBLICLY TRADED PARTNERSHIP

SAN FRANCISCO, Aug. 20, 2014 — JMP Group Inc. (NYSE: JMP), an investment banking and alternative asset management firm, announced today that its board of directors has approved a transaction whereby JMP Group, or “JMP,” would enter into a series of related and concurrent internal transactions to convert its corporate form into a limited liability company that would be taxed as a partnership, and not as a corporation, for U.S. federal income tax purposes. The proposed restructuring transaction would allow JMP to operate in a more tax efficient manner compared to that afforded by its current structure. If the restructuring is approved by JMP’s stockholders, it is expected that JMP would be able to execute its current business strategy in a manner that would minimize entity-level taxation of its net investment income.

As part of the transaction, JMP has entered into an agreement and plan of merger with a newly formed, wholly owned, limited liability company subsidiary, JMP Group LLC, and a newly formed Delaware corporation and indirect wholly owned subsidiary, JMP Merger Corp. Subject to the approval of JMP’s stockholders and the decision of its board of directors to complete the transaction, JMP would be merged with and into JMP Merger Corp., with JMP continuing as the surviving entity and as a direct, wholly owned subsidiary of JMP Group LLC (the “Reorganization Transaction”). The Reorganization Transaction, if completed, would result in each share of currently issued and outstanding JMP stock being exchanged for a limited liability company interest in JMP Group LLC. On August 20, 2014, JMP filed a preliminary proxy statement/prospectus with the U.S. Securities and Exchange Commission (the “SEC”) on Form S-4 for the Reorganization Transaction.

Following the Reorganization Transaction, JMP Group LLC would hold, through its subsidiaries, including JMP, the assets currently held by JMP. The Reorganization Transaction would have the effect of converting JMP’s top-level form of organization from a corporation to a limited liability company, with such conversion treated as a tax-deferred contribution of JMP common stock to JMP Group LLC for federal and state income tax purposes.

“If this transaction is approved by our stockholders and then completed at the instruction of our board, our dividend payout ratio could increase materially, depending on the mix of earnings from the operating platforms that would remain fully taxed corporations and earnings from net investment income at the publicly traded partnership that will be mostly passed through to shareholders,” said Chairman and Chief Executive Officer Joe Jolson, reiterating comments he previously made regarding the Reorganization Transaction. “Based on our current business mix, adjusted for the restructuring transaction, we believe that the dividend payout ratio could increase to a range of 50% to 70% of operating earnings, from the most recently targeted level of 30% to 35%.”

JMP expects that the Reorganization Transaction, if approved by its stockholders, will be completed by January 1, 2015, provided, however, that JMP’s board of directors may elect to complete the transaction prior to January 1, 2015, or defer completion before or after the stockholder approval or may abandon the Reorganization Transaction at any time.

Stockholder Implications

Because we expect that the Reorganization Transaction will be treated as a tax-deferred contribution of JMP Group Inc. common stock to JMP Group LLC for federal and state income tax purposes, we do not expect that JMP stockholders will recognize any taxable gain or loss upon the consummation of the Reorganization Transaction. In addition, we expect that JMP stockholders will receive a carryover tax basis in the shares of JMP Group LLC received in the one-for-one exchange for shares of JMP Group Inc. and that the capital gains holding period will also carry over.

In the preliminary proxy statement/prospectus that JMP filed in connection with the Reorganization Transaction on August 20, 2014, stockholders are urged to consult with their tax advisors regarding the tax consequences that the Reorganization Transaction will have on them.

It is JMP's intent that the operations and assets of the new parent company will remain the same as those that exist at JMP prior to any Reorganization Transaction. It is expected that the new parent company, JMP Group LLC, will be listed on the New York Stock Exchange, exactly as JMP is currently listed. However, after the Reorganization Transaction, JMP Group LLC is expected to be treated as a partnership for purposes of federal and state income taxes and, as a result, it will provide its stockholders with an annual Schedule K-1 (IRS Form 1065).

IMPORTANT ADDITIONAL INFORMATION MAY BE FILED WITH THE SEC
