Withholding Information

The distribution is treated as a partnership distribution for U.S. federal income tax purposes. With respect to interest income and non-ECI capital gains, however, no withholding is generally required if proper certification (on an IRS Form W-8) of a beneficial owner's foreign status has been filed with the withholding agent. Non-U.S. holders generally must provide the withholding agent with a properly completed IRS Form W-8 to obtain any reduction in withholding.

Ordinary Dividend Income (U.S.)	\$0.0117
Long-Term Capital Gain (sourced at partner level)	<u>\$0.0018</u>

- (1) The amounts reflected above represent JMP's distributed earnings for the quarter and do not represent taxable income accrued during the applicable quarter. As a result, the taxable income allocable to a holder of JMP common units may differ from the amounts reflected above.
- (2) None of the above income items constitute Effectively Connected Income (“ECI”).
